Subject:	Fuel Tank Module - RFQ – City Gate
Ref.	Email inquiry

ITEM	DESCRIPTION	QTY	Unit Price EGP	Total Price EGP
1	Fuel oil storage tank - Module - Packaged : Capacity <b>5000</b> Gal. <b>18925</b> Lit.	1	2,320,000	2,320,000
<b>1.1</b>	<p><b>Description:</b> For Underground Installations. Max. burial depth:                     <b>1500</b> mm Brand Name: Baldwin Model No.: <b>FOT-58-2500-4500-DW-H-CS-GRP UL58</b></p> <p>Design, Fabrication &amp; Testing code: Diameter - Outer Tank:               <b>2500</b> mm Length - Outer Tank:                  <b>4500</b> mm Diameter - Inner Tank :              <b>2400</b> mm Length - Inner Tank:                  <b>4400</b> mm Shell min. thickness:                 <b>6</b> mm Shell stiffening rings:                <b>None</b> Ends min. thickness:                  <b>6</b> mm Ends type: Flanged &amp; Dished Geometrical shape : Horizontal Cylindrical Tank shell/ends type: . Double wall Tank Shell Stand Off Positioners   <b>Included</b> Tank shell/ends materials: Carbon steel. Tank shell/end external coatings: <b>GRP 2.5 mm</b></p> <p><b>Supplied with:</b> Welded lifting lugs. Manway nozzle access with bolted cover Vent nozzle - Inner Tank Vent nozzle - Outer Tank Leak Monitoring Well Filling nozzle Filling Drop Tube Striker plate on filling</p>			

ITEM	DESCRIPTION	QTY	Unit Price EGP	Total Price EGP
1.2	Return nozzle Return Drop Tube Striker plate on return Outlet nozzle ( Pump Port ) Nozzle for manual level gauge Nozzle for Analogue level sensor Nozzle for High/Low level sensors Spare Nozzle <b>Fittings &amp; Mountings:</b> Hold down straps Electromechanical chamber with cover , with side sleeves for: Inner Tank Vent + Outer Tank Vent + Fuel Inlet + Fuel Return + Electric power cables + Electric control cables Street Top access Cover (also named : street cover). Filling adaptor c/w cover. Spill containment chamber. Inlet Overfill prevention valve. Manual level gauge stick. 2 x Vent caps. Analogue level sensor 4:20 mA - for level gauging system Level sensors/switches for High & Low level alarms.			
1.3	<b>Fuel Transfer Pump Module:</b> ONE x Fuel oil transfer pump - UL Listed - submersible type - Flow rate <b>20</b> LPM & Head <b>15</b> MWC Pump outlet pressure gauge & cock. Pressure switch c/w diaphragm tank module. Pump outlet check valve. Pump outlet isolating valve.			
1.4	<b>Electric power/control panel:</b> Steel cabinet to CE/UL, housing: Level gauging system with digital screen. High level alarm. Low level alarm & Pump tripped. Pumps starters/protection. Circuit breakers. Manual/Auto selector. On/Off selector. Pump tripped light. BMS free contacts for : Pumps status / Alarms			
<b>Total Excl. 14% VAT</b>				<b>2,320,000</b>

Payment: 50% down payment + 50% prior to dispatch from Baldwin Engineering's Facility.

Delivery time: 8 : 12 working weeks ( to be confirmed / changed at time of order )

Delivery terminal: Balwin Engineering's Facility, Cairo, Egypt.

Start-up/Commissioning on site: EGP 50,000 + VAT ( Max. 2 days on site )

Budgetary prices for site work ( supply & erection – excl. civil work & utility required) :

- 1- Vent piping : max. 10 Meters.
- 2- Fuel piping from UG tank to day tank : max. 30 Meters. (single wall carbon steel sch.40 )
- 3- Fuel piping from day tank to UG tank: max. 30 Meters. (single wall carbon steel sch. 40 )
- 4- Electrical wiring from Powe panel to UG tank controls/pump : max. 30 Meters.
  - a. Supply Price = EGP 150,000 + VAT
  - b. Installation Price = EGP 450,000 + VAT
- 5- Transportation to site & Unloading/Mobilization (Excl. Cranes on site):
  - a. Price = EGP 90,000 + VAT

Optional :

- 1- Fuel piping from UG tank to day tank : max. 30 Meters. (double wall carbon steel with leak detection cable, supplied pre-fabricated sections in 5.5 Meters Long each with 4 Elbows )
- 2- Fuel piping from day tank to UG tank: max. 30 Meters. (double all carbon steel with leak detection cable, supplied pre-fabricated sections in 5.5 Meters Long each with 4 Elbows )
- 3- Leak detection & alarm panel .
  - a. Supply Price = EGP 3,750,000 + VAT
  - b. Installation Price = EGP 1,250,000 + VAT

Validity of quote : One Week.

Best Regards,

Khaled Elkholy
